Currently Experience

I'm a senior Knowledge Graph Engineer at [:probabl.ai](#) with 15 years of experience

09.2024 – present

:probabl. As a senior Knowledge Graph (KG) Engineer in the Professional Services branch of [:probabl.ai](#), I lead projects involving the creation and exploitation of KG within tailored solutions we develop for our clients (L'Oréal, INRAP, SHOM). E.g for the [Inrap's Archipel project](#), I've created the ontology of the KG, contributed to the data ingestion and processing pipeline at the heart of the backend, and tracked the development from the start to the project's delivery.

01.2019 – 09-2024

Mnemotix As a Project manager and Semantic Web Expert, I supervise the unfolding of our projects, and design the knowledge graph structure used at the core of the systems we develop. I also give trainings, and participate in the dissemination of Mnemotix's achievements in research and development.

10.2017 – 12.2018

University of Bologna, Italy Short Term contract Researcher: Development of a solution for analysing citations data within scientific literature mixing machine learning, NLP, and Semantic Web. Project in collaboration with [Elsevier B.V.](#)

09.2015 – 12.2016

Université de Lille : Architect and Developer of automated solutions for multi-channel publishing (Web, Moodle, OpenEDX) of the mooc [Culture Numérique](#).

11.2013 – 09.2015

Fuzzy Frequency, web agency : Associated partner & full-stack developer (Python + AngularJS) for collaborative web applications (e.g file sharing app, projects sharing platform, etc.), and the web installation and documentary [Arte.tv Worldbrain](#).

12.2012 – 10.2013

Imagination for People : Technical coordinator and developer (Django Python) for the collaborative platform "Imagination for People" dedicated to the discovery and sharing of social projects.

01.2011 – 02.2012

Ecole Polytechnique Fédérale de Lausanne, EPFL : Postdoc researcher in the [REACT team](#), Ontology modeling and collaborative software prototyping in the European Project ROLE focused on agile and responsive digital learning environments.

Technical skills

Semantic Web (RDF, RDFS, OWL, SPARQL, SHACL, Rule Engines)	Python (Django, dataviz)	Web, Javascript
	Machine Learning (scikit learn)	Git (CI scripts)

Education

2007 – 2010

Université Nice Sophia Antipolis, INRIA Phd in the [Wimmics team](#) working on social tagging data analysis, Linked Data-based structuring, and Web services developpement. Thesis on [Multi-points of view semantic enrichment of folksonomies](#) (supervisors: [Fabien Gandon](#) and [Michel Buffa](#))

2005 – 2007

Chalmers University of Technology MSc Applied Information Technology, specialized in Digital Arts and Interactive systems

2000 – 2005

Université de Technologie de Compiègne UTC Engineer Degree in Mechanics, specialized in Acoustics and Modelling

Language and other skills

English : fluent	Driving Licence (B)	Wood works and design
Italian : fluent	Digital fabrication	Occasional guitar player
French : native	3D modelling	DIY and free software

Teaching

- 2015 – 2016 **Université de Lille** Responsible for 2 classes : Database Introduction and Data journalism and Web development and CMS
- 2012 **Les Petits Débrouillards** One of the main french popular science NGO; tutoring for several workshops about Astronomy, Chemistry, and Physics.
- 2010 **Université Nice Sophia Antipolis** Laboratory for a Web 2.0 Technology class
